

Questions about Voter Registration

When you complete the Health Insurance Marketplace online application, we ask if you or anyone in your household would like to register to vote. If you do want to register, you can go to USA.gov to complete a voter registration form.

- From the homepage, click “Topics” in the top navigation bar.
- Scroll down and select “Voting and Elections.”
- Click on the bullet “Register to Vote.”

Here are some things you should know:

- Registering to vote is your choice — it isn’t required to apply for health coverage.
- Your decision about registering to vote won’t affect your eligibility for health insurance coverage or savings in the Marketplace.
- You can file a complaint if you think someone has interfered with your right to:
 - Register to vote or not to register
 - Make your own choice in political party or other political preference
